

2022 Collegian Training Advisory

Praise and thank the Lord!

We would like to fellowship with all saints and churches that after two years, we will be conducting the Collegian Training once again. The details for this perfecting work among the young people are as follows:

Date: June 19 - June 24, 2022
Subject: Life and Building in the Song of Songs
Mode of Training: Online with corporate training locations

We highly recommend that the registered young people of a local church / cluster of churches / province would be gathered together in a meeting hall or any suitable facility for corporate living, along with serving ones who can oversee and guide them full-time. This is similar to the present arrangement of the FTTMa training locations, which will encourage a training atmosphere while practicing corporate living and will help the young people focus on the Lord during the course of the training.

Since we are still in a pandemic, we will require each training location to follow minimum health protocols based on the restrictions implemented by their respective local government when conducting the training.

Sessions and activities will be synchronized across all the locations and will be held online via Zoom.

Check in Time: Afternoon of June 19, 2022 (Orientation will start 7:15PM)
Check out Time: Noon of June 24, 2022
Objective: To cause the young people to love the Lord Jesus and be absolute to Him, to equip them with the divine truths, to help them grow in the divine life, and to build up a proper character in order to serve in the church, and to become gospel seeds in their campuses and community for the church life.
Qualification: Incoming Grade 11 up to college age Students; **Baptized** and has at least **six (6) months of regular church life**
Requirements:

1. Must be willing to be trained and adjusted.
2. Must participate and function in all the sessions.
3. Must exercise the spirit at all times.
4. Must be willing to coordinate with the saints.

Registration Fee Varies depending on the location.

Since the training locations will be handling the actual expenses, the leading ones and coordinators in the locality(ies) involved will decide on the registration fee for the trainees who are going to be accommodated in their facility. Please contact your local serving ones regarding this matter.

TRAINING LOCATION GUIDELINES:

1. Each location should reach a **MINIMUM number of 20 registered young people**. If a location does not reach this number, they should send their young people (YP) trainees to other churches/locations that are able to accommodate them. Such arrangements should be made in fellowship among the churches and their respective leading ones.

2. Each location should have **AT LEAST 2-3 Full-time Serving Ones (SO's)** to oversee the training location. They must join the sessions and activities of the YP trainees and participate in the corporate living. Locations with a large number of YP trainees are encouraged to increase the number of serving ones to ensure that all YP trainees would be properly cared for.
3. In addition to the SO's, there should be another group of saints responsible for cooking and meal preparation and other needed practical services. It would be best for the SO's to focus on guiding, shepherding & overseeing the YP's in their whole being and take care of the spiritual aspect of the training.
4. Since the sessions will be held online, training locations must have a stable internet connection. The technical set-up for audio and video should be suitable for all the YP trainees to clearly hear and see the speakers, and other trainees in other locations. It would also be best to have back-up arrangements in case of power and internet interruptions.
5. Training locations should be prepared to accommodate the minimum number of trainees and serving ones and at the same time, meet the minimum health protocols implemented by the local government throughout the entire training.
